

## **ANEVIA ANNOUNCES NEW RELEASES FOR ITS FLAMINGO HEAD-END**

**Gentilly, France, January 17th** - Anevia, a global leader in OTT and IPTV software for the delivery of live TV and video-on-demand (VOD), announces the launch of its new features for its Flamingo head-end. This version allows the new chassis D4/D11 to accommodate two new modules for improved modularity. Flamingo 3.8 is now compatible with latest Verimatrix VCAS platform and provides additional configuration possibilities with Cloud Monitoring.

### **Technical highlights**

- New modules for better adaptability in DTT and Satellite reception
- Support of Verimatrix VCAS 3.8
- Configuration with Cloud Monitoring

### **DTT and Satellite reception new modules**

Flamingo head-end is now benefiting from the new Dual DVB-C/T/T2 module and Quad DVB-S/S2 module to offer even more flexibility and reach a higher level of optimization.

### **Supporting Verimatrix VCAS 3.8**

The Flamingo head-end is able to secure TV feed with Verimatrix technology since 2008. The Flamingo now brings all the security and reliability enhancements offered by the latest version of the VCAS solution which protect all content transmitted to television screens. Today all majors content providers require this guarantee.

### **Cloud Monitoring Configuration**

You can now manage the license and configuration files of the Flamingo 3.8 directly through your Cloud Monitoring interface. Adding an option or changing the configuration of your Flamingo has never been this easy.

### **About Anevia**

Anevia is a global Leader in OTT and IPTV solution software for the delivery of live TV and video-on-demand. Anevia was founded in 2003 by the developers of the well-known VLC media-player, and has pioneered cloud DVR and multiscreen solutions. Anevia's mission is to provide innovative technologies enabling viewers to watch TV wherever, whenever and on every screen. Anevia software and solutions have been successfully adopted by TV broadcasters, tier 1/2 telecommunication service providers, and many private and public companies. Anevia is headquartered in France, with regional offices in the USA and Dubai. [www.anevia.com](http://www.anevia.com), the company is listed on the Alternext Paris NYSE Euronext
