## **ANEVIA VIAMOTION WINS STREAMING MEDIA EUROPE AWARD 2014**

Paris, June 26, 2014 – Streaming Media Europe readers have voted Anevia’s ViaMotion Software as winner in the Best Hardware/Software server category of the journal’s 2014 European Readers’ Choice Award.

The event this year attracted a record-breaking 352 nominees and more than 3,500 voters. The award was presented during a reception at the Streaming Forum in London on Tuesday June 24.

“This success demonstrates very clearly the high level of industry recognition ViaMotion has achieved since we first introduced this truly innovative system,” comments Anevia’s Chief Technology Officer and co-founder, Damien Lucas. “All industry awards are appreciated, particularly those based on the specifically expressed opinions of a leading trade journal’s readers.”

ViaMotion is a complete multiscreen Over-the-Top video
