

Anevia Receives Futur40 Award

Anevia, a leading provider of OTT and IPTV software solutions, announces that it has received a **Futur40** award, an annual trophy distinguishing the 40 small and medium-sized listed companies that have had the highest growth rate over the past three years.

With the support of Paris Europlace, MorningStar, the RSM global audit network, Euronext and the Fédération des Investisseurs Individuels (F2iC), and under the auspices of Olivia Grégoire, MP for Paris, spokesperson of the LREM group at the National Assembly and Honorary President of PMEfinance-EuropeEntrepreneurs, the 6th edition took place on the evening of July 9th at the Pavillon Gabriel, closing the first day of the International Financial Forum.

"We are proud to receive this award, which rewards the commitment of our teams on a daily basis to drive the company's growth in France and worldwide and to grab all the opportunities that the market offers," said Laurent Lafarge, CEO of Anevia.

"Just like PEA-PME, which has collected almost 1.5 billion Euros, Futur40 highlights dynamic companies that contribute to enhancing the attractiveness of France to investors," adds Jean Rognetta, founder of PMEfinance-Europe Entrepreneurs. "It is therefore essential to highlight them, to further strengthen their brand recognition and contribute to their hyper-growth."
