

Anevia Named as One of Europe's Best in European Business Awards' 'Ones to Watch' List

Anevia, a leading provider of OTT and IPTV software solutions, has been named as 'One to Watch' in Europe in a list of business excellence published by the European Business Awards, one of the world's largest and longest running business competitions.

Anevia was chosen as it demonstrates exceptional achievement in one of the 18 European Business Awards' categories and reflects the programme's core values of innovation, success and ethics.

The 'Ones to Watch' for 33 countries across Europe can be found at www.businessawardseurope.com.

Throughout its 16-year history, Anevia has consistently brought world-first products that have improved the way viewers enjoy TV programmes.

"Innovation is one of the core values at Anevia," says Anevia CEO Laurent Lafarge. "We are proud to receive this recognition, which attests to how our teams' innovations have contributed not only to our own business excellence but, more importantly, to that of the TV service providers around the world who use our innovative products,"

"The companies chosen as 'Ones to Watch' are the most inspirational, successful and dynamic in Europe," adds Adrian Tripp, CEO of the European Business Awards. "The talent and tenacity at the heart of these businesses creates jobs and derives Europe's prosperity. This 'Ones to Watch' list of excellence is a benchmark of success for the rest of the European business community."

Companies on the 'Ones to Watch' list come from all sectors – from manufacturing to retail, agriculture to technology, and all sizes – from start-ups to billion euro businesses.
